MINUTES
ASHRAE ASSOCIATE SOCIETY ALLIANCE
Virtual Meeting – Chicago, Illinois
18-January-2021

I. Call to Order

The 2021 Virtual Winter Meeting of the ASHRAE Associate Society Alliance (AASA) was called to order at 9:00 am EDT by Chair, Tim Wentz, using the ASHRAE GoToMeeting platform.

II. Approval of Draft Minutes from Austin (Virtual)

It was moved and seconded

(1) That the minutes from the 2020-June-17 Virtual AASA Meeting (Austin) be approved; minutes were unanimously approved

III. Introductions

Introductions were made and those in attendance are on the attached list (Attachment A1).

IV. ASHRAE Code of Ethics Commitment

Mr. Wentz read the following statement into the record: *"In this and all other ASHRAE meetings, we will act with honesty, fairness, courtesy, competence, inclusiveness and respect for others, which exemplify our core values of excellence, commitment, integrity, collaboration, volunteerism and diversity, and we shall avoid all real or perceived conflicts of interests."*

(Code of Ethics: <https://www.ashrae.org/about/governance/code-of-ethics>)

(Core Values: <https://www.ashrae.org/about/ashrae-s-core-values>)

V. AASA Manual of Operations (MOP)

AASA's first set of Manual of Procedures was approved by Society Rules Committee with a few minor edits.

VI. Report of the Leadership Council

- In approaching the work of AASA we will adhere to the following guidelines:
 1. AASA does not generate technical material. Rather, we rely upon technical societies for technical material.
 2. AASA will create a global network to:
 - a. Identify global needs and gaps in knowledge
 - b. Bring together the resources available to meet those needs
 - c. Generate global policies that assist and support all AASA members
 - d. Serve as a channel to share ideas, disseminate knowledge and articulate concerns by providing an active platform, with inspiring and enthusiastic members, willing to share their ideas and research.

- After each zone has surveyed its membership, two priority areas have been identified that AASA should address with a Task Group. Those Task Groups are:
 1. Efficient use of Energy Resources
Purpose; Scope; Chair; Membership
 2. Indoor Environmental Quality (IEQ) and Pandemic Mitigation
Purpose; Scope; Chair; Membership

The Leadership Council recommends the attached purpose and scope document to be approved by the General Assembly.

- The new Manual of Procedures (MOP) lists three subcommittees, that report to the Leadership Council: 1-Website; 2-Government Affairs; 3-Communications
Additionally, the Topic Groups are also identified as reporting to the Leadership Council. The Leadership Council recommends that the existing Programs and Projects subcommittees be disbanded, and their work folded into the work of the Task Groups and that the existing Honors and Awards subcommittee be disbanded and its work assigned to the Leadership Council. These changes would comport with the MOP as it is currently written.

VII. Subcommittee Nominations

The Leadership Council solicits nominations for the membership of each subcommittee and the position of chair for each subcommittee. The nominees need to either be a member of the AASA member society or a member of ASHRAE or both.

VIII. Engaging the AASA between meetings

Basecamp for AASA Representatives has been setup. LinkedIn is being investigated.

IX. Presentations by Associate Societies
